## Warming Station Shady Grey

With this water station, you will have water at the right temperature in no time. The large stainless steel water tank allows you to easily fill multiple bottles and keeps the water at the desired temperature. There are preset temperatures, such as 37°C for milk, 45°C for soup or 85°C for tea. Not only the temperature, but also the amount of water can be determined. It ranges from 30 ml to 330 ml and increases in 30 ml intervals. If you want to lower the temperature faster, you can use the cooling function of the device. Sterilizing the device is also child's play.

Sold by 4 pieces

- Large water tank (1250 ml)
- Cooling function
- Volume control (30 - 330 ml)
- Preset temperature control (37°C / 45°C / 85°C) or manually
- Sterilisation/boiling function (100°C)
- Modern design

## Tricot Easy

Tricot-easy is the latest addition to the Babylonia family of stretchy baby slings. Ideal for parents who want to carry their baby without having to knot a sling. This ready to use sling can be put on quickly and easily, without any hassle. Fastening with only one buckle! The Tricot-Easy comes in a carrying bag which can be converted into an extra carrying panel for extra support.

## Hammock

The hammock allows baby to rock naturally and creates a safe secure place for your newborn baby! The baby lies in the foetal position and the hammock supports the back equally everywhere, while your baby retains its freedom of movement.

Unlike many loungers and baby seats, the hammock is completely flexible and adapts to baby's body, not the other way around. By swaddling baby, it provides a sense of closeness and security that reassures.

Bola

PREGNANCY JEWEL

## Bola Pregnancy Jewel

With its elegant design and symbolic value, the Bola Pregnancy Jewel is often worn by pregnant women as a sign of love and protection for their unborn child. It is not only a beautiful piece of jewellery, but also a tangible reminder of the special journey of motherhood.

A kind of xylophone is soldered to the inside of the Bola, over which a small ball 'dances', resulting in a beautiful sound effect. From about 20 weeks, the baby in the womb can perceive the sound. Both before and after birth, the baby will find it soothing.

The Bola, a piece of jewellery with the power to accentuate joyful moments and create a sense of connection between the mother and the growing baby.
